

ANTIQUUE ENGINE & TRACTOR ASSOCIATION, INC.

August 2021 NEWSLETTER

Well it is that time of year when we need to start thinking about what we are going to need help with at the fall show.

The show is only successful if we have a lot of volunteers. With that being said, there are many positions that still need to be filled.

If you could spare a couple of hours we will need help working the gates. If interested please contact Alex Samuelson, Tim Fisk, or Dave Catron.

We need help in the Mercantile. Dick and Karen have a commitment coming up and are not able to do it this year. They are willing to help teach someone the history of the building, need for it, and don't forget this is the only exhibit that has air conditioning.

The kid zone needs some help and if we don't get anyone then it will become an unsupervised area.

Registration desk was created a couple of years ago to relieve some congestion at the office during the show and this also needs help.

There will be a membership meeting/work day on August 7 at 8 am. Coffee, donuts, and juice will be available.

Thank you to all that came our and helped bind the wheat for the farm show. We filled 8 heaping racks and built a couple shocks. The threshing crew will be very busy during the show this year.

I also want to thank Jim Gradert, Perry Cozier, and Darrel Lievens on a very successful tractor drive. You guys should be proud of the way its been growing over the years.

Ron Browning, I would also want to thank you for all the pictures you take at all the club events. Not everyone is able to make it but you sure do and tell a great story. We greatly appreciate it.

Thank you,

Chad

AETA Board Meeting.

The AETA board meeting met on Monday, June 14, 2021 at the AETA Timber barn.
