

# ANTIQUE ENGINE & TRACTOR ASSOCIATION, INC.

## August 2019 NEWSLETTER

### From the President... August 2019

Hello fellow AETA members. This will be the last newsletter before the 2019 show which begins in approximately thirty days. Yes, just 30 days to the greatest farm show in Henry County. An annual farm show spanning 58 years that attracts visitors from multiple states and foreign countries. A show that is completely managed by volunteers who are dedicated to the mission of the organization "To promote the collection, restoration, preservation and exhibition of gasoline and steam tractors, power driven farm machinery and other equipment of historical value as an agricultural and historical society."

There are several projects to finish prior to our annual event. A work day is scheduled for Saturday, August 24<sup>th</sup> from 8:30 – noon. September work days will be Monday the 9<sup>th</sup> thru Thursday the 12<sup>th</sup> leading up to the show plus the week following for cleanup. The new building is delivered and scheduled for completion of phase 1 on September 1<sup>st</sup>. The line shaft design and installation in the blacksmith building is ongoing.

The installation of the framework and cement pad for the addition of a permanent power unit in the saw mill was completed on August 10<sup>th</sup>. Placement of the power unit, fuel tank and hydraulic system remains to be done. The sorghum press is installed and hopes are high that there will be cane sorghum to press and cook (1 yr ahead of schedule) at the show. Many thanks go out to member and volunteer Lowell Gramling who spent countless hours on the saw mill and sugar cane equipment.

In the past, members have provided their own tractors to pull the people movers. This practice was stopped a few years ago due to some mechanically unsound tractors being used that presented a safety hazard to show attendees. The board is willing to revisit this and allow members to use their own tractor, but only after a safety inspection is conducted by a board member or a designee of the board. Any one that is interested in providing a tractor should contact a board member for further details.

The Thresherman's dinner will be prepared and served by the Hillsdale United Methodist Women Saturday evening September 14<sup>th</sup>. Ticket information about the meal is posted later in this newsletter. Reservations can be made by sending a check to AETA. Mail order deadline is Monday, September 9<sup>th</sup>. Tickets will be available for purchase at the show office on Friday and Saturday during show hours.

There will be a pie auction on Saturday following the regular auction at 3:00 pm in front of the Red Barn. Donated pies are needed for this auction and need to be delivered to the Red Barn by 2:00 pm. on Saturday, September 14<sup>th</sup>. This event always has some fun and lively bidding.

Thinking ahead to 2020, There are 3 board seats up for election. If you or someone you know is interested, please inform me or one of the other directors so the name can be placed on the ballot.

Minneapolis Moline and related equipment is the feature for 2020. We need someone to serve as the feature coordinator, so please contact a director indicating your interest.

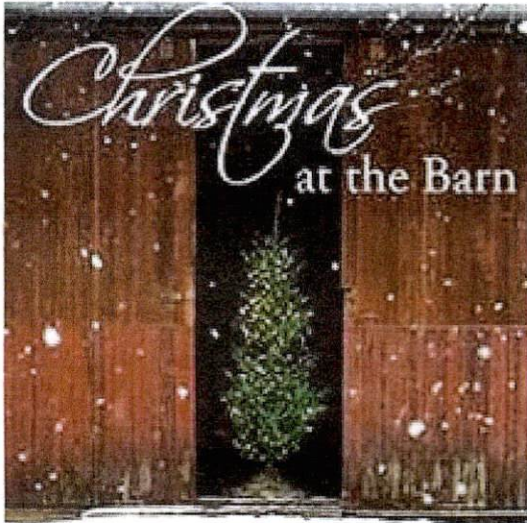

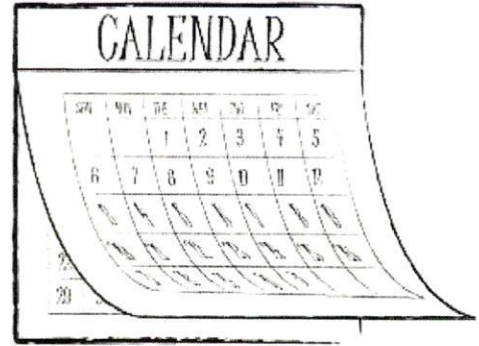

I look forward to working with everyone in the coming days and weeks in final preparation for the Fall Show. "Wherever you turn, you can find someone who needs you. Even if it is a little thing, do something for which there is no pay but the privilege of doing it. Remember, you don't live in the world all of your own." ~Albert Schweitzer

Until next time....Phil
